Dear Mr. Attorney General:

A letter of September 26, 1950, from Assistant Attorney General McInerney suggests designating a Central Intelligence Agency representative to confer with Mr. William E. Foley on the registration section of the Foreign Agents Registration Act as amended.

Initially I am designating our General Counsel, Mr. Lawrence R. Houston, for such conference to establish appropriate liaison for the administration of Section 20 with its new provisions.

I wish to thank you for a copy of your Report to Congress on the administration of the Act during the years 1945 through 1949 which was sent to us by Mr. Foley.

Sincerely yours,

sgd
